When used in the right proportions, these three models create a harmonious balance in your room, covering the entire frequency spectrum. Our simulations show that these acoustic solutions offer near-perfect control over reverberation time and modal distribution, resulting in an ideal acoustic environment for producing, recording, or playing music.

60% *calculated RT reduction*
29% *Good RT balance time/frequency*

0.57s *calculated RT average*
1.41s *before treatment RT average*

Imagine having the same level of acoustic excellence as a professional studio in your home. That's the vision behind this collection of acoustic products.

Whether you're recording, mixing, mastering, or simply playing music, these easy-to-install solutions are designed to give you the perfect sound environment for your musical creations.

From a small home studio to a professional space, this product line can be customized to meet your specific needs. We offer a range of pre-simulated room sizes and a consulting service to ensure you get the perfect acoustic solution tailored to your setup.

CORALREEF®

This diffuser panel disperses sound waves evenly, improving spatial perception and creating a natural and immersive audio experience.

Available colors: ● Black ● White

BASMEL® SC

This absorption panel effectively absorbs mid and high frequencies as well as unwanted reflections, creating a balanced acoustic environment.

Available colors: ● Blue ● Beige ● Black ● White

CTBASS®

This bass trap is designed to efficiently absorb low frequencies, ensuring a precise and controlled bass response.

Available colors: ● Blue ● Beige ● Black ● White

Tatanka

"I wish I had known about these JOCAVI™ product packs sooner; now, finally, I have a balanced room and the sky is the limit."
 Pedro "Tatanka" | Black Mamba

ProfJam

"The difference that JOCAVI™ acoustic treatment made in my studio is inexplicable. The performance of the panels is truly impressive; they easily balance my two rooms, both used for mixing and recording. From the quality of the product to the friendliness and availability of the entire team, I recommend them with confidence."
 Mário Cotrim | ProfJam

Tony Mosley

"JOCAVI™ Acoustic panels have made a huge difference in my space, the various styles are impeccable. João and the team pulled together the perfect knowledge for my studio and were so knowledgeable about what I needed. Jocavi is family for me... NPG4LIFE"
 Tony Mosley | New Power Generation
